Rationale

The Catholic school is a reflection of the Church's commitment to the dignity of the individual (Mandate para 6). It is important for schools to demonstrate this commitment in the manner in which they protect information that they hold about their school community. The Catholic school requires information about students and their families in order to provide for the education of these students.

The *Privacy Act 1988* directs the manner in which private sector organisations, including Catholic schools and systems, manage the personal and sensitive information of individuals. The purpose of the legislation is to ensure that organisations, which hold information about individuals, handle that information responsibly. It aims to establish a nationally consistent approach to the management of personal information.
